

Small Frame Diesel Hydraulic Power Pack

Wolverine offers the industry's first small frame diesel power pack. Capable of powering a wide variety of construction tools, the 23.7 HP engine is extremely quiet, reliable and fuel-efficient. The WP-25HD is portable, lightweight and very mobile. The automatic low-level shut off on the hydraulic tank prevents pump failure from low fluid levels, and a high temp shut-off valve protects the engine from over-heating.

Features include:

- 23.7 HP Kohler diesel engine – water-cooled
- Adjustable gallons per minute, from 2 to 12
- Industry first, low hydraulic level engine shut-off
- High efficiency air-cooled hydraulic system includes a 10 micron full flow return filter
- Self-contained units are compact and easy to move
- With an axle width of just 28", this unit will fit through standard 36" doors as well as smaller 30" openings
- Large, 13" x 5" never-flat tires are standard
- Lifting eye and handles allow for easy of portability
- Power packs come with a powder-coated finish for longer wear

WP-25HD

OPTIONS:

Part #	Size/Description
WP-25HD	23.7 HP Diesel Hydraulic Power Pack

Wolverine WP-25HD Small Frame Diesel Power Pack

Engine	Kohler Diesel KDW1003 23.7 HP
Flow Rate	2 to 12 gpm
Maximum Pressure	Maximum Pressure 2500 psi, Relief setting 2000 psi
Hydraulic Oil Capacity	2.5 gallons
Hydraulic Oil	Premium A/W-32 or 46
Fuel Capacity	6.5 gallons
Size L x W x H	44" x 28" x 27.5"
Weight	430 lbs.
