

## Small Frame Gas Hydraulic Power Packs

Our small frame gas-powered power packs perform extremely well with a wide range of tools including core drills, hand saws, chain saws, ring saws and small wall saws. These units incorporate a number of innovative features designed to maximize performance under varied job site conditions.

### Features and benefits include:

- 23.5-37 HP depending on model
- Adjustable gallons per minute, from 4 to 15
- Industry first, low hydraulic level engine shut-off
- High efficiency air-cooled hydraulic system includes a 10 micron full flow return filter
- Self-contained units are compact and easy to move
- Selectable hydraulic flow rate will produce up to 2500 psi. The pressure relief valve is set at 2000 psi.
- Units have a 6.5 gallon gas tank and an electric start
- Large, 13" x 5" never-flat tires are standard
- Lifting eye and handles allow for easy of portability
- Power packs come with a powder-coated finish for longer wear

### Small Frame Hydraulic Power Pack Specifications:

	WP-700H	WP-40
Engine	Honda GX690 Gas	Kohler CH1000 Gas
Flow	0 to 12 gpm	0 to 15 gpm
Maximum Pressure	2500 psi	2500 psi
Relief Valve "Crack Setting"	2000 psi	2000 psi
Hydraulic Oil Capacity	2.5 gallons	2.5 gallons
